Inaugural Address

By Donald W. Cushing

Delivered on January 6, 1964

Fellow Citizens, Ladies and Gentlemen.

It has been my pleasure and privilege to serve as your Mayor in 1963. You have honored me by re-electing me to this important office for 1964, and I am grateful to each and every one of you for giving me this honor and opportunity for continued service. I will continue to carry out the duties of this important office to the best of my ability and for the best interest of the people of Franklin.

A year ago, I outlined to you my plans, ideas and program for 1963. This occasion affords me the opportunity to review the progress that the City has made in 1963 and to give you a preview of the problems the City will face in 1964, together with my recommendations and plans for conducting the affairs of the City.

PUBLIC WORKS

The most important job done by this department was the resurfacing of Central Street between Daniell Bridge and Sanborn Bridge. This project not only improved Central Street for public travel, but also gave our business district a healthier and neater appearance. It should last many years.

New hot-top surfaces were also given to Lower Sanborn Street, Aiken Avenue and part of Beaton Street, Webster Street, between North Main and Summit, and Prospect Street from Pine Street to Poplar Street. Approximately fourteen streets were treated with liquid asphalt and seven gravel streets were given a penetration treatment of liquid asphalt.

Over 2,600 feet of concrete curbing was installed on five streets.

Sidewalks were resurfaced on Willow Hill, Webster Street and Elkins Street for a total distance of 2,600 feet. We will continue this program for improvement of our sidewalks in 1964.

Town Road Aid Funds were used to improve all of Gile Pond Road by regrading and surfacing with asphalt. A small amount of these funds was used for drilling, blasting, and installing drainage pipes on Flag Hole Road.

TREES

In 1963, we planted twenty-five Norway Maple trees. I hope that we will be able to plant more shade trees this year. In many places, it is not feasible to plant trees between the sidewalk and the street. We will try to encourage property owners to plant trees on their own property to provide shade for our streets.

We have lost many of our Elm trees due to Dutch Elm disease. This year, we resumed dormant spraying primarily to combat this

disease, and continued the program of foliage spraying. We have removed dead trees where they were dangerous to the public. Many others must be taken down. In addition there are dead trees on private property adjoining streets. We will urge property owners to remove these trees.

EQUIPMENT

In 1963, we purchased two new trucks for the highway department. In 1964, we have already authorized the purchase of three new trucks for this department. This is a continuation of our program to replace highway equipment on a regular annual basis.

In addition, the Hough loader and the grader are approximately twelve years old and should be replaced. The cost to replace these two pieces of equipment is approximately \$38,000. The purchase of this equipment would have to be financed over a period of at least five years.

BRIDGES

Daniell Bridge is in need of major repairs. This bridge must be repaired without delay to prevent serious damage to the bridge structure. The estimated cost of this work is \$25,000. It is my recommendation that these repairs be made this year.

The foot bridge between Memorial Street and East Bow Street has been closed because of its dangerous state of repair. A committee has been appointed to study this problem and any decision as to what action should be taken in regard to repair or replacement of this bridge will have to await the report of this committee. I will not recommend that this bridge be replaced unless it is clearly shown that this is a necessity and in the public interest.

SCHOOLS

In 1963, the new addition to our high school was completed, furnished, and put into operation. This is a beautiful and valuable addition to our school plant, and should be a source of pride to all of us. It is a credit to all those who helped in its planning and construction. Mrs. Bernice Kimball, and the members of the school building committee, are deserving of our special praise and our sincere thanks for a job well done.

We shall continue our policy of friendly cooperation with our School Board and Superintendent of Schools, with the aim of providing our children with sound education at the lowest possible cost.

POLICE

It is my opinion that it is time for us to make a new evaluation of our needs and requirements for police protection of our city. Numbers and qualifications of personnel, wages, equipment, training and other related factors should be considered. I shall recommend whatever I consider to be necessary to place this department in a

position to provide the City with complete and efficient police protection.

Nothing that I have said should be taken as a criticism of the police committee, Chief of Police, or any member of the department. I am aware of the tremendous work load of this department and the good work it has done.

STREET LIGHTING

Our street lighting committee did an excellent job of improving our street lighting this year. On Central Street between the Daniel Webster Bridge and the Tilton line, twenty-two lights were changed from 1000 lumen incandescent to 3500 lumen mercury vapor lamps, and two new 3500 lumen lamps were added. A 2500 lumen lamp was changed to an 11,000 lumen lamp at the intersection of Central Street and Victory Drive. These lights are a major improvement from a standpoint of safety and also appearance. In 1964 we hope to replace eighteen 2500 lumen lamps to 3500 mercury vapor lamps. The increase in cost per lamp per year is only \$4.68, and they produce one-third more light.

LIBRARY

Franklin has one of the best libraries in this state. Most of us take this for granted. In 1963, our library was chosen to receive the One Thousand Dollar Award from the Book-of-the-Month Club. I extend my sincere congratulations to our librarian, Miss Mildred Peaslee, the members of her staff and the Board of Trustees.

SEWER PLANNING

In 1963, the Council authorized me as Mayor to make application to the Federal Housing and Home Finance Agency for a loan for preliminary planning for the sewer and sewage treatment needs of the city. I expect to sign and submit this application sometime this month. A proposal has been submitted by the engineering firm of Camp, Dresser and McKee of Boston, Massachusetts to provide the City with a Master Plan for our sewer and sewage disposal needs with estimated costs of construction. As soon as the federal loan is approved for this preliminary planning, I will recommend that this proposal be accepted. It is expected that the preliminary planning report will be completed in the latter part of this year. The federal loan is interest free and does not have to be repaid until construction is commenced.

The Master Plan will enable us to make sound decisions in regard to extension of our sewer lines. Since no new sewer outfalls may be placed in the rivers, the construction of a sewage disposal system is urgent if we are to expand our sewer system. In my judgment, the day is not far off when we will be ordered to stop emptying our sewage in the rivers. By planning now, we will be able to do this in a more orderly and efficient manner.

PERSONNEL POLICIES

In 1963, a general pay raise was granted to nearly all City employ-

yees. A committee has been appointed to study the wages and salaries of our City employees. The report of this committee will be given careful study. I will do all within my means to make the salaries and wages of City employees fair and in line with wages being paid for similar jobs in cities and towns of our size, and proportionate to wages being paid in Franklin and nearby areas, I will ask this committee to take into consideration the question of fringe benefits, such as life and health insurance.

ZONING

A year ago, I stated that the City is in need of a zoning ordinance. My opinion has not changed. I regret to say we have not made much, if any, progress towards this goal. It now appears that we will not have zoning unless we proceed with a program of planning. Therefore, it is my recommendation that the Planning Board submit a report to the Council with budget requests for initiation of a Planning Program for 1964. If such budget requests are within our means, I will recommend to the Council that they be included in the 1964 appropriation.

PARKING METERS

In 1963, the City Council suspended the enforcement of the parking meter ordinance to determine if meters were necessary to control parking in our Central Street business district. After the conclusion of this test, the Council in substance voted to continue metered parking. This question will undoubtedly come before the Council again early in this year. If any Councilman wishes to repeal or amend the parking meter ordinance, he should have the City Solicitor prepare an ordinance for this purpose. It should be clear that repeal of the parking meter ordinance will necessitate passage of an ordinance to control the length of time any vehicle may be left parked in the present parking meter zones, including the metered parking lot on Canal Street. I hope that we will solve this problem early this year.

INDUSTRY

The City is fortunate in having many stable and diversified industries which are vital to the City because they provide our citizens with employment and purchasing power, and provide the city with necessary tax dollars. With the means at our disposal, we shall do our best to encourage the growth and prosperity of our industries. We shall continue to cooperate with civic groups working to bring new industry to Franklin.

In closing, I wish to thank all of you who have given me your cooperation, suggestions and prayers in 1963. They have been a great help to me, and I sincerely ask you for your prayers, suggestions and cooperation in 1964.

I salute all of you who have in your own way brought credit to our City in 1963. You have helped to make Franklin a better place in which to live. In 1964 I hope all our citizens will get on Franklin's Civic team and participate in this crucial game. If we are to achieve our goals and win the game, no one must warm the bench. Best Wishes to all of you for a Happy New Year.

Auditors Report

CITY OF FRANKLIN, NEW HAMPSHIRE FOR THE YEAR 1964

January 26, 1965

To the Honorable Mayor and City Council
City of Franklin
Franklin, New Hampshire

Gentlemen:

In accordance with our agreement, I have made an examination of the books and underlying records of the City of Franklin for the year ended December 15, 1964 and am submitting, in this connection, my report consisting of exhibits and supporting schedules.

SCOPE OF AUDIT

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and of the supporting evidence as was considered necessary under the circumstances. A substantial number of verification letters were mailed to the open accounts on Property and Poll Taxes. Except for the Taxes, Accounts Receivable and some year-end adjustments, the general books of the City are kept on a cash basis and hence reflect cash receipts and disbursements only.

BALANCE SHEET — GENERAL FUND

EXHIBIT A

The Balance Sheet, General Fund, presents the financial condition of the City of Franklin as at the close of business December 15, 1964. Exhibit A, Schedule 3 is a Comparative Balance Sheet showing the increases and decreases in the various accounts between the years 1963 and 1964.

CASH ON HAND AND IN BANK - \$22,373.84

All checks cancelled during this period were compared with the cash disbursements records and the receipts were traced to the bank deposits. The bank balance was reconciled to both the bank statement and the independent confirmation received directly from the depository. The cash on hand was verified by count.

ACCOUNTS RECEIVABLE — \$261.47

ACCOUNTS RECEIVABLE —

PARKING AREA CONTRACTS — \$3,637.80

A listing of the uncollected accounts was in agreement with the General Ledger control. The Accounts Receivable, Parking Area Contracts are aged as follows:

1960	\$522.40
1961	709.90
1962	832.90
1963	624.10
1964	948.50
	<hr/>
	\$3,637.80

I would suggest that the Council consider abating those balances which appear uncollectible, particularly the amounts due from those firms no longer carrying on business in Franklin.

TAXES RECEIVABLE — \$124,996.87

The activity in the Taxes Receivable account is shown on Exhibit A, Schedule 1, which also discloses the differences between the control and the balances verified. The cash receipt stubs representing collections on Poll, Property and Head Taxes were checked to the cash receipts records. Both the cash receipts and the abatement postings to the Tax Warrants were tested. Several hundred verification letters were mailed to the open accounts and any differences reported to me were thoroughly investigated. A substantial number replied concurring with the balances carried on the books.

The 1964 Tax Warrant was completely footed and compared with the Tax Warrant control. The New Hampshire Tax Commission confirmed by direct correspondence the tax rate of \$52.00 per thousand. Approximately 87% of the 1964 Property Tax was collected as compared with 88% the preceding year.

UNREDEEMED TAX SALES — \$16,579.69

PROPERTY ACQUIRED BY TAX DEED — \$1,602.99

These items were accepted as shown on the books and represent property acquired because of nonpayment of taxes.

HEAD TAXES RECEIVABLE — \$6,060.00

A listing of the Head Taxes Receivable was in agreement with the controlling account. When collected these taxes are paid to the State of New Hampshire. A substantial number of the unpaid Head Taxes were circularized along with the Poll Taxes.

TEMPORARY LOANS IN ANTICIPATION OF TAXES — \$100,000.00

NOTES PAYABLE — FRANKLIN NATIONAL BANK — \$1,706.32

The Temporary Loans in Anticipation of Taxes was independently verified with the First National Bank of Boston and the Notes Payable

was confirmed by the Franklin National Bank.

RESERVE FOR HEAD TAXES — \$6,131.00

This amount represents the City's liability to the State of New Hampshire on the 1964 Head Taxes and is liquidated with the receipts from the Head Tax Levy.

PARKING METERS — \$5,213.86

The above caption is the balance in the Parking Meter account after being charged with various expenditures and transfers approved by the Council.

SURPLUS — \$89,009.82

The Surplus account increased \$27,403.22 after appropriating \$16,500 for the 1964 Budgetary Credits. This increase is attributable to the excess Actual over Estimated Revenue and Unexpended Appropriation Balances as shown on supporting Schedules 2A and 2B.

BALANCE SHEET — GENERAL INDEBTEDNESS

EXHIBIT B

Exhibit B, Schedule 1 represents the City's liability with respect to bonds and long-term notes as at December 15, 1964.

The cash in the various banks was reconciled to both the bank statements and the independent confirmation received from the depositories.

All bonds and coupons cancelled during the year were produced for my inspection and the outstanding coupons reconciled to the bank statements.

BALANCE SHEET — TRUST FUNDS

EXHIBIT C

The Balance Sheet, Trust Funds, records the Assets and the sources of such Assets in the custody of the trustees of the Trust Funds.

CASH IN THE BANKS — \$43,066.79

The cash in the commercial bank was reconciled to the bank statement and the direct verification from the depository while the cash in the savings accounts was examined from the passbooks and the confirmation from the savings banks.

INVESTMENTS — \$163,827.14

The securities shown on Exhibit C, Schedule 1 were examined in the presence of a trustee of the Trust Funds.

OVERSEER OF THE POOR — STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS

**SCHOOL DISTRICT — STATEMENT OF CASH RECEIPTS AND
DISBURSEMENTS**

**PUBLIC LIBRARY — STATEMENT OF CASH RECEIPTS AND
DISBURSEMENTS**

I examined the books and records of the above departments and reconciled the bank statements as at the end of the year. All checks cancelled during the year were compared with the cash disbursements records.

PAYROLL

All payroll checks cancelled during the year were examined and the payroll charges proved to the payroll accounts.

CITY CLERK

I tested the books and records in the office of the City Clerk and traced the daily register tapes to the cash receipt books. In addition, I tested the entries on the automobile permits, dog licenses, as well as other business licenses.

I wish to express my appreciation to all the City Officials and the members of their staffs for the cooperation and courtesies extended during the audit.

Respectfully submitted,

LEONARD D. RICCIO
Certified Public Accountant

Franklin Public Library

REPORT FOR 1964

One of the chief events of the library year 1964 was the presentation on April 12, the first day of National Library Week, of the \$1,000 award granted by the Book-of-the-Month Club in memory of Dorothy Canfield Fisher. This award, given for the purchase of books, to selected small libraries meeting standards set by the American Library Association, recognized the Franklin Public Library as an outstanding library in New Hampshire.

Since this recognition was achieved under the leadership of Miss Peaslee as Librarian it became a fitting climax for her 50 year career, thirty-one years of which were devoted to this city's library. On June 2 Miss Peaslee announced to the trustees her retirement as of July 31st. Hope Swain, formerly Librarian of the Gordon-Nash Library in New Hampton, and more recently member of the Laconia library staff was selected to fill the vacancy, and took up her duties on August 1st. Miss Peaslee, until she left for a well-earned winter vacation in Florida continued to give generously of her time to acquaint the new Librarian with the many intricacies of the work.

Perhaps partly due to adjustments attendant upon changes in administration our circulation for this year again shows decrease from the previous year. Total number of items circulated were 49,680, of which 15,854 were Juvenile.

The library purchased 887 volumes and 138 donated volumes were added to the collection making a total of 1,025 added volumes. Five books were given as memorials, 849 volumes were withdrawn, and 38 were replaced, making the total of catalogued items in the collection 32,643.

The proportion of adult non-fiction to adult fiction read has increased slightly - a trend which seems to be nation-wide. This may be partly attributable to the generally poor quality of modern fiction, and a tendency to more attractive format and greater readability in the non-fiction output.

There has been a slight decrease in the percentage of the children's circulation and this may indicate desirability for greater attention to the needs of our juvenile borrowers in the coming year. Undoubtedly shabby volumes need to be weeded and replaced, and it would be well if more staff time could be devoted to assisting the children in

reference and in selection of books. As long ago as 1954 Miss Peaslee was emphasizing in her reports the need of the addition of a children's librarian to the staff, and with the passing years this need has not lessened. The oft-stated fact that the children who use the library today will become the adult readers and supporters of the library tomorrow cannot be over-emphasized.

During Book Week in November the Librarian visited each class in the two elementary public schools, and in St. Mary's School, taking books to be lent to supplement classroom collections and book marks, posters and book jackets designed to bring to the classroom awareness of National Book Week. She found Mr. Ross and his staff appreciative and cooperative, and some teachers have continued to borrow books for extended periods to supplement classroom collections, a total of 496 having been circulated to schools during the year.

At the beginning of the school year the Librarian was invited to participate in the joint Workshop of the High School and Junior High School teachers of Franklin and Tilton - Northfield. The theme of this workshop was school and library cooperation, and it was the feeling of this participant that a foundation for better understanding and future cooperation between teachers and librarians had been laid. It also afforded the City Librarian and Mrs. Robie, the School Librarian, an opportunity to become better acquainted with each other's resources and needs, and they have continued to try to supplement each other's work with the young people of Franklin.

It might here be said that much improvement in the study habits and use of the library on the part of the young people may be hoped for; the instruction which will be received in the use of the library as Mrs. Robie continues her classes in Library Science should help to achieve this. Also, the transfer of the Recreation Center to the old Armory near the center of town and the establishment of a lounge where young people may meet and, if they wish, study together with no restrictions on noise could also be a material aid in maintaining quiet rooms for serious reading and study.

For several years Miss Peaslee has emphasized in her reports the crowded conditions in the library and the need in the not distant future for addition to the physical structure. With Federal funds available for construction purposes it might be advisable for the City of Franklin to be giving thought to the need for future expansion of the building. However, it would seem that some addition to the staff which would enable the Librarian to give time to an energetic weeding program might alleviate the immediate problems. Another possible solution to crowded conditions might be the revival of the Historical Society and the securing of a home for the Society where articles of an archival nature could be stored and museum items

displayed thus relieving the library of handling and storing items not suitable for circulation.

The State Library, dedicated to better library service for the State of New Hampshire as a whole, has over the past several years been conducting surveys and making plans which should result in improved service to library patrons throughout the state. This, with the passage of the Library Services Act which has released Federal funds for assistance to libraries, has now culminated in a State-Wide Library Development Program which will set up districts of co-operating libraries, establish service centers to expedite service through smaller libraries, and provide additional consultant service from the State Library, Cooperative book buying providing larger discounts, and centralized cataloging relieving local staffs of part of their clerical burdens will be added features of the plan. Affiliation with this program should bring expansion and changes in the pattern of service in the years to come.

In closing I would like to say that I feel privileged and also humble to be asked to succeed such outstanding librarians as Mrs. Shirley, Mrs. Starie and Miss Peaslee. It is a challenge to build on the fine foundations they have laid. With the backing of the City officials, and a deeply interested and hard working Board of Trustees and the assistance of a loyal and equally hard working staff we shall strive to achieve the goal of continuing to serve Franklin with a superior library service.

Respectfully submitted,

HOPE R. SWAIN

Annual Report of the Superintendent of Schools

To the Board of Education
Franklin
New Hampshire

Dear Board Members:

I herewith submit my sixth annual report as Superintendent of Schools for the year ending December 15, 1964.

Working in Franklin these past five and one half years has been very gratifying to me.

The help and support given our educational system by the Board of Education, the Mayor and City Council, and the Citizens of Franklin is contributing to a more effective educational program for all our children.

At this time, I would like to express my appreciation to these people.

Respectfully submitted,
Herman N. Donegan
Superintendent of Schools

SCHOOL FACILITIES

The high school addition completed two years ago continues to prove itself a functional space for our secondary education.

Study has been progressing on the renovation of the Home Economics area at the high school. This area has had no attention since it was built approximately twenty-five years ago. Renovation of this area is necessary to bring this facility up to today's standard.

Elementary school enrollments are consistently rising. Continuation of this trend will call for a committee to consider proper action to house these children. It was felt a year ago with the construction of the new St. Mary's School, that this enrollment problem would be reduced. This, however, has not been the case. St. Mary's has enrolled its capacity of pupils in the early grades and the public school enrollments are continuing to climb.

TRANSPORTATION

During the past year we have continued transporting 700 pupils to school in the morning and home again in the afternoon. Starting September of the 1964-1965 school year St. Mary's School had a change in their time schedule. This took some of the strain from the elementary schools bus schedule. It did, however, add to the burden of the secondary bus schedule. It is now necessary to make two trips instead

of one to the North Main Street - Lake Road Area, also the New Hampton Road - Independence Avenue Area.

The cost per mile for school transportation during the 1963-1964 school year was 24 cents a mile. The per mile cost for this service to school districts that contract for school transportation ranged from 50 cents to 60 cents a mile.

The Franklin school buses travel approximately 50,000 miles a year. Our cost in terms of dollars averages about \$12,000.00 a year. To contract at a 50 cent a mile contract would cost \$25,000.00. This represents a substantial savings each year to the City.

In addition to the economy of providing school transportation, ownership makes possible the availability of buses for the Recreation Department's summer swimming program and Saturday morning winter skiing program.

The chart below shows how each transportation dollar was spent from September 1963 through August 1964.

FINANCE

In the 1963-1964 school year the cost of operating the Franklin Elementary Schools was \$302.21 per pupil. The average cost per pupil for all New Hampshire elementary schools for the same time was \$311.00.

The Franklin Junior High School cost per pupil for 1963-1964 was \$335.67 while the New Hampshire average was \$412.00 at this level of education.

Franklin Senior High School cost per pupil for 1963-1964 was \$427.34. The New Hampshire average for senior high schools was \$467.00.

The elementary costs are approximately \$9.00 for each pupil less than state average. When we examine the junior high school cost, we are approximately \$77.00 below state average and at the high school level \$40.00 per pupil below.

Since these amounts below average represent more than 50,000 in dollars, this raises the question: "Why are our costs so much lower?"

A few reasons seem obvious:

1. Oversized classes in the primary grades of the elementary schools.

2. Our students do not have physical education available to them; a practical universal offering in all New Hampshire schools.
3. Art is not offered in depth enough to have our high school pupils acceptable at the better art schools.
4. Our Salary Schedule is not attractive. Each year we have a substantial change of staff at the secondary level.

These factors keep costs down. I cannot believe that this contributes to equal educational opportunities for our children.

MAINTENANCE

At both elementary schools all our playground equipment was overhauled this summer. Worn parts were replaced and all wood painted.

The final section of playground at Rowell School was loamed and seeded. At Hancock School the valleys of the roof were renewed and the oil burner replaced when the old burner in this school failed late last winter.

The exterior of the Junior - Senior High School Buildings were painted adding considerably to the appearance as well as preservation of the woodwork.

In the senior high school, additional fluorescent lights were installed continuing a yearly program toward eventual replacing of all incandescent lights.

At the junior high school window shades were all replaced; also the boys and girls rooms renovated. This renovation provides a more sanitary condition and improved appearance in these areas.

The planks of the final two sections of bleachers at the Athletic Field was replaced. This completes a five year project of replacing and restoring all iron bracing and seating for our ten sections of seating.

In addition to these major repairs we have kept abreast of our routine maintenance.

SCHOOL LUNCH

This is a part of our school operation that I have not discussed in past reports. Since 1959 it has grown to one of the twenty largest programs in the state.

The following table shows the average number of pupil lunches served daily for the month of November for the past six years.

November 1959	427 lunches
November 1960	431 lunches

November 1961	468 lunches
November 1962	466 lunches
November 1963	582 lunches
November 1964	660 lunches

In 1959 this program was subsidized by providing \$2,000.00 in the school budget. Since 1959 the program has been able to operate without this help. At the same time wages paid have been increased to meet the state minimum wage scale.

LOOKING AHEAD

During the past five years we have been able to meet our problems and find solutions. All problems are not solved nor will they be. As some are solved, new ones appear. A clear example is the high school addition which solved our secondary housing problem. Now appearing is an elementary housing problem.

I feel confident that we will continue to meet our school problems with good solutions in the best interest of the City and the education of our young people.

Following are the reports from our school principals and supervisors summarizing the work in their field during 1964.

Report of the School Nurse

1964

Good health means more than freedom from illness or disease. It may be defined as the state of complete physical, mental, social and emotional well-being which provides a happy and successful way of living for every individual. The events of recent years have made us all more aware than ever before of the need for good health. It has been our aim to try to teach the children the values of good health. The following is a digest of the major activities of the health program in the Franklin Schools during the past year.

Tuberculosis in children rarely manifests itself in the usual symptoms found in adults. In most cases the disease develops very slowly and does not cause trouble until adolescence. Diagnosis in the early stages is important and it is now possible to do so by means of the tuberculin skin testing program. On February nineteen, a tuberculosis skin test clinic was held for children in grades 1, 4, 8 and 12. Five hundred and seventeen patches were applied and read, nine received a positive reaction and were x-rayed. The x-rays showed that there was no indication of active tuberculosis at this time.

A chest clinic was held during the month of February. Eight children, who had received a previous reaction to the patch test, were x-rayed. The New Hampshire Mobile X-ray Unit visited the Franklin High School and one hundred and four x-rays were taken. All students who were planning to participate in sports were x-rayed and in addition many of the teachers of the Senior and Junior High School.

No child should enter school without having been successfully vaccinated against small pox and diphtheria and polio. Yet, we still find children coming to school unvaccinated and who have not received any immunization shots. In order to protect these children, Toxoid Vaccination and Polio Clinics are held each year in cooperation with the Franklin Visiting Nurse's Association and the New Hampshire State Board of Health. Such a clinic was held during the months of March, April and June. Ninety-six children received the series of Toxoid and Polio vaccine, three children were vaccinated.

Six boys and two girls were selected to enjoy two weeks of camp this summer. This project is sponsored by the Franklin Rotary Club each year. Visits are made in the homes to secure the parent's permission and to give the necessary details. Needless to say, these children enjoyed the experience and in most cases it was very beneficial.

Parents today are realizing more and more the importance of dental care. This applies particularly to the care of the baby teeth since if these are neglected, the permanent teeth suffer also. It is encouraging

to the nurse when she is examining the student's teeth to find so many who are visiting their dentist regularly and are brushing their teeth.

Normal sight and hearing makes it easier for a child to progress satisfactorily in school. Inability to see or hear well is a serious handicap. Therefore, I feel it is worth the time and effort to check the students once a year. In doing so, we find cases that did not show up the previous year. A hearing defect may be caused by hardened wax, infection and abscess ears. During this past year we found thirty-nine children with a loss of fifteen decibels or more. Consequently every effort should be made to detect and correct hearing and auditory difficulties.

The Nurse's Hot Lunch Program was carried on again this year due to the generosity of the Kiwanis Club, Lions Club, Rotary Club, Timely Club, the American Legion Auxiliary and the Melinda Tobie Trust Fund. Three thousand five hundred and fourteen hot lunches were served at the cost of four hundred and four dollars and thirty-two cents. The nurse received from the Franklin Emblem Club the sum of twenty-five dollars. This was used to purchase a pair of glasses for a needy student.

Good posture and good health go together. The person who carries himself well enjoys many health benefits. Yet, we find children in school who are in need of help. Twenty-four students with some form of deformities attended the orthopedic clinics which were held in Laconia, Manchester and Concord. These children are examined by an orthopedic physician and if exercises are recommended, they are shown how to do them.

Miss Mary Bullock, a physiotherapist, from the crippled children's services in Concord, visited the Franklin Schools on June 3 and supervised the exercises of twelve children.

Our annual pre-registration clinics were held during the month of May at the Rowell, Hancock and Thompson Hall Schools. One hundred and fifteen children registered at the various clinics and twenty slips were sent home due to the inability of the parents to bring their children to the clinics. The children received a physical examination by their own physician prior to entering school. This is very important because we know whether or not there are any handicaps and if so, we notify the Kindergarten and First Grade Teachers. All new children entering other grades are also examined by their own physician.

The improved program for increased protection for the health of students engaged in school sports was carried on again this year. Physical examinations, tetanus immunizations, as well as a urinalysis test was given to one hundred ninety-eight students.

Conferences were held throughout the year with teachers, pupils and parents.

Toys, second-hand clothing and food baskets were delivered to deserving families at Thanksgiving and Christmas Time.

I am pleased to report that we now have a physiologist, Dr. Grace Surber of Concord, who visits our schools once a week. Dr. Surber has been working since September and I am pleased with the results of her work.

I wish to take this occasion to express my sincere gratitude to all persons and all organizations who have, in any way, contributed to the Franklin School Health Program.

Respectfully submitted,

MARION MOYNIHAN, R. N.

RESOLUTION

NO. 9

In the year of our Lord one thousand nine hundred and sixty-four. A RESOLUTION AUTHORIZING THE ISSUANCE OF BONDS FOR THE ENLARGEMENT AND IMPROVEMENT OF THE WATER WORKS SYSTEM AND FOR THE PURCHASE OF DEPARTMENTAL EQUIPMENT OF A LASTING CHARACTER.

RESOLVED by the City Council of the City of Franklin that:

1. A public work and improvement of a permanent nature is hereby authorized, namely, the enlargement and improvement of the water works system of the City, in the following manner at a total estimated cost of \$122,400:

the construction of a water reservoir with a capacity of approximately 500,000 gallons on the northerly side of Salisbury Road in the City of Franklin;

the installation of a twelve-inch cement lined cast iron main from the reservoir to Salisbury Road for a distance of approximately 800 feet; and

the installation of a twelve-inch main on Salisbury Road for a distance of approximately 3,350 feet running easterly along said road from the end of the aforesaid main:

2. There is hereby further authorized the purchase of departmental equipment of a lasting character, consisting of a road grader, a loader and a back hoe at a total estimated cost of \$37,600;

3. The sum of one hundred twenty-two thousand four hundred (122,400) dollars is hereby appropriated for the aforesaid water works system enlargement and improvement project and the sum of thirty-seven thousand six hundred (37,600) dollars is hereby appropriated for the purchase of the aforesaid departmental equipment of a lasting character, said appropriations to be raised by borrowing as hereinafter provided:

4. There be and hereby is authorized under and pursuant to New Hampshire Revised Statutes Annotated, Chapter 33, and any other enabling authority, the issuance of serial, coupon bonds of the City of Franklin aggregating One Hundred Sixty Thousand (160,000) Dollars in principal amount. Subject to applicable provisions of law and of this resolution, discretion to fix the date, the annual maturities, place of payment interest rate, form and other details of said bonds and, or providing for the sale thereof is hereby delegated to the City Treasurer with approval of the Mayor, provided, however, the terms of said bonds shall be not longer than ten years from the date thereof;

5. The proceeds derived from the sale of said bonds be and they hereby are appropriated for the purposes set forth in the first and second paragraphs of this resolution as specified therein, provided, however, any premium arising on such sale, less the cost of preparing,

issuing and marketing the bonds shall be applied to the payment of the principal of the first of said bonds to mature; and

6. It is hereby determined that the said water works system enlargement and improvement project will have a useful life in excess of twenty (20) years and that said departmental equipment of a lasting character will have a useful life in excess of fifteen (15) years.

RESOLUTION

NO. 12

In the year of our Lord one thousand nine hundred and sixty-four.
A resolution relating to subdivision regulations.

Resolved by the City Council of the City of Franklin as follows:

That the following conditions be met before acceptance by the municipality or the public of the dedication of any street within a subdivision:

1. A plat of the subdivision must be tendered to the City Council for approval. This plat shall include information describing the subdivision proposal such as boundary lines, location, width and purpose of easements, name, right-of-way width and location of streets, width and elevation of surfacing of streets, location, size, and invert elevation of sanitary and storm sewers, location and size of water mains. All streets must be dedicated to public use by recording of the plat or by being conveyed to the City of Franklin by good and sufficient deed.
 2. The subdivider shall agree in writing to provide the following utility and street improvements:
 - A. Grading and centerline gradients per plans approved by the City Engineer.
 - B. Storm drainage and other drainage improvements per plans approved by the City Engineer.
 - C. Collector streets, that is, those which carry traffic from minor streets to the major system of highways, including the principal entrance streets of a residential development and streets for circulating within such a development, shall have sixty (60) feet right-of-way, thirty-two (32) feet pavement and five (5) feet sidewalk on each side.
 - D. Minor streets, that is, those which are used primarily for access to abutting properties, shall have fifty (50) feet right-of-way, twenty-six (26) Feet pavement, and five (5) feet sidewalk on each side.
 - E. Pavement base as per City Engineering specifications.
 - F. Wearing surface as per City Engineering specifications.
 - G. Sidewalks as per City Engineering specifications.
 - H. Street boundary markers as per City Engineering specifications.
 3. All sanitary sewers shall be installed in accord with plans and specifications approved by the Highway Commissioner or City Engineer. The city shall install only those sanitary sewers to residences that are being erected on the adjacent lot to the terminus of the existing sanitary sewer.
 4. A bond or certified check must be posted by the subdivider, and made available to the city in sufficient amount to assure the completion of all required improvements.
 5. A copy of the specifications and their amendments referred to in this resolution shall be kept on file in the City Clerk's office and the Public Works Department office.
- Be it further resolved that whenever the City Council shall determine

that extra-ordinary physical conditions exist, it may vary the above requirements for utilities and street improvements, provided that such variations be in accordance with accepted engineering practices.
